

Microsoft Business Central for Non-Profits

Engage with donors and volunteers, connect with beneficiaries, and manage finances.

Axtegrity's cloud based pre-configured solution is built on the power of Microsoft Business Central. Manage your finances, donors, grants and contacts in an all-in-one platform for your organization that's affordable and easy to set up.

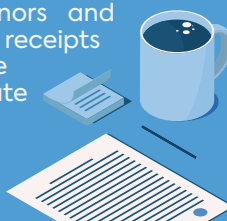

Manage Your Contracts

Keep track of all your contacts in central contact database.

Donor Management

Connect with donors and automatically send receipts to your donors while maintaining accurate data.

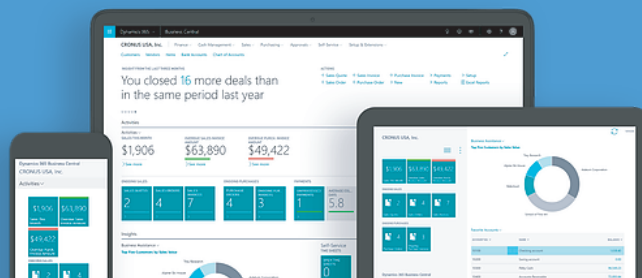

Grant Management

Manage grants, budgets and directed research to help you with your overhead allocations.

Create Compelling Campaigns

Set up, design, schedule and send emails to your supporters.
